WHERE AUTISTIC PEOPLE
ARE VALUED

Learning at school today

To the left of this page there is space to add your own images

Usually I go to school with all
the other children in my
class.

I will still go to school, but
there may not be the same
people in my class.

My learning might be
different but it can still be fun.

Sometimes these changes
might make people feel
upset or frustrated.

My teacher can help me if I
feel like this.

My teacher will tell me when
my learning at school will go
back to normal.
